Chris,

I want to thank you, Deidra, and others on your team for a smooth transaction and transport as such relates to my recent 2014 Corvette purchase from Premier Sports Cars. The car is absolutely incredible; fast, powerful, and responsive. It is exactly as you represented it and it actually showed up even “cleaner” than I expected.

The entire process of buying this car from Premier was a pleasure as it proceeded with no issues, stresses, or concerns. You run a very good operation and you should be proud of your business.

What is truly notable to me is the fact that my purchase is likely of the least expensive car across your high-end inventory - yet you were extremely responsive to all my inquiries and you treated me with the utmost respect.

Thank you, and I hope to someday do more business with Premier.

Joe S.
