Chris:

I just wanted to write a quick note to thank you and your team for such a pleasant experience with my recent purchase of a 2011 Audi R8. When I was doing my routine search of cars on EBay, that one immediately caught my eye, given the low mileage and ownership history. By the time I reached out to you about it, you had a tentative contract on it, but you assured me I would have the first option to purchase it if the deal fell through.

When I got the call from you a couple of days later telling me the car was available, I jumped on the opportunity. I had some concerns buying a car 1,200 miles away, but you facilitated the PPI and provided all documentation that I needed to finalize my decision to buy the car. You even arranged transportation, which I really appreciated. When the car rolled out of the trailer yesterday, it was everything you represented! I could not be more pleased with the condition of the car.

Thank you again for such a great experience with your dealership!

All the best,  
Steve Smotrich
