RE: 2006 Lexus SC 430 and Troy Breshears

Dear Mr. Courtney,

Part 1, the sale. I wanted to take this opportunity to express how pleased I am with the recent transaction with your company and most importantly with Mr. Troy Breshears. There were two firsts for me, (1) I have never purchased a used car before and (2) never purchased a car out of state, sight unseen. As a risk professional, I am extremely risk adverse so I was completely out of my comfort zone on this transaction. I knew I wanted this car and this model, but to buy without test driving it or inspecting it would be considered downright insane. However, Troy made me feel at complete ease and offered solutions that would affirm what he was claiming. The transaction was seamless and easy. By the way, I was second in line; I almost didn't get this car.

Part 2, the delivery. It was exactly as he had promised. The car looks amazing and drives great. Troy even went the extra mile and offered to buy an updated local Nav disc for the car which I understand is in the mail. Post the sale of the transaction, Troy kept in touch with me to verify the condition of the car and we worked through some details to my satisfaction.

Part 3, happy customer. I am a very happy customer and even told Troy that when my lease for my 2013 Lexus is up I may come to him to buy another car. Troy has demonstrated nothing short of true professionalism and integrity. It was a pleasure working with Premier Cars. I am happy to serve as a referral anytime you chose.

Best regards,
