

RV WHOLESALE INSPECTION

Tech: Terry Camper: Googan 33 ^PCS

1. Check everything outside

Seals/gaskets look decent
Silicone/Self level self level roof and other places need
Lights work
Roof & Slide Out Roof slide looks good roof will be all self level
Tires Date & Condition _____
Bottles NO BOTTLES / NO CO2
Awning operates good good fabric
Outdoor Kitchen NA
Jacks/Leveling System _____
Notes Battery disconnect works but have no key
problem solved

Check Everything Working Inside

Lights good replaced 3
A/C 1 working good
Heat waiting on propane line / Furnace works good
Stove & Oven wait for propane
Microwave & vent hood vent and light good
Fridge Gas & Electric Side Electric good
Plumbing & Pump check station on lever just 2 hose connects
Water Heater Gas & Electric Side water lines cap out to heater
Radio/Speakers good
TV good
Awning good
Outlets good
Fireplace light stays all but does heat, went shut off
Washer/Dryer if Equipped NA
Holding Tanks good
Holding Tank Sensors good
Slide Operation Table slide slower than other
Does it Need Winterized Yes No ☒

CLEAN IT UP AFTER ALL IS DONE AND DUMP TANKS

Notes Hot water heater up hooked from water. Hot side
of faucet's low pressure from pump and city side
slides have a few soft spots. Floor soft by
entry door and along wall towards bedroom.
Fireplace shut breaker off. If not it will stay on

Stove and oven good the strikers wine for front
burner is not in stove top but lights good with
lighter other 2 work with strikers Fixed
Hot water heater no good will have to be replaced
