

RV WHOLESALE INSPECTION

Tech: Tammy Camper: 2017 Pioneer

1. Check everything outside

- TP Seals/gaskets decent
- TP Silicone/Self level front needs, self leveled
- TP Lights 1 clearance light out
- TP Roof & Slide Out Roof decent no repair needed at this time
- TP Tires Date & Condition
- TP Bottles 1 30 lb
- TP Awning good
- TP Outdoor Kitchen NA
- TP Jacks/Leveling System front/stabilizer work, good

Notes

there is black 1 1/2 pipe attached to roof looks like for hot water. Was 3 solar panels on roof now only 1

Check Everything Working Inside

- TP Lights all work replaced 4 and 2 bulbs
- TP A/C good
- TP Heat furnace works
- TP Stove & Oven good
- TP Microwave & vent hood fan doesn't work
- TP Fridge Gas & Electric Side Electric good
- TP Plumbing & Pump seems to be good / Toilet clogs when tank is full
- TP Water Heater Gas & Electric Side both good after repair
- TP Radio/Speakers Power to radio went change stations / decent speaker
- TP TV has one TV doesn't work / Took out
- TP Awning good
- TP Outlets potholes in kitchen doesn't work
- TP Fireplace NA
- TP Washer/Dryer if Equipped NA
- TP Holding Tanks Black tank shows full Grey 2 shows 2/3
- TP Holding Tank Sensors Put chemical in black tank
- TP Slide Operation good
- TP Does it Need Winterized Yes ☒ No ☐

CLEAN IT UP AFTER ALL IS DONE AND DUMP TANKS

Notes

Black Tank sensors showed full when I
dumped camper in shop. Someone added
1 vent.
